## THE WEATHER.

The daily record of the thermometer in this city is reported by A. T. Pleyter, druggist, corner Main and First streets. The record for yesterday was: 7 a. m., 38 degrees above; 12 m., 49 degrees above; 4 p. m., 51 degrees above; 8 p. m., 45 degrees above.

## ABOUT THE CITY.

T. E. Butler of Butte, was in the city yesterday.

Mr. and Mrs. L. G. Smith will make a visit to Gregson Springs today.

Dr. Rockefeller made a trip to Phillipsburg on business on Wednesday.

Judge Milo French of Gregson Springs was in the city yesterday on business.

Mrs. R. E. Creek of Bozeman is visiting her daughter, Mrs. Frank Strickfaden, in this city and will remain for several days.

The next regular attraction at Evans opera house will be "The Two Sisters," on the evening of May 7. This is a strong attraction.

M. C. Maple, agent for Neuburger, Reiss & Co., importers of foreign dry goods, of San Francisco, was in the city on business yesterday.

I. F. Kirby of the Butte Hardware company came down from Butte yesterday to attend the meeting of the High school board, he being one of the trustees.

Nothing more has been heard of late of the second performance of the play "Little Lord Fauntleroy" which was spoken of after the last performance.

There was a game of ball at the lower works last evening between the married and single men. The score at the end of five innings was 8 to 10 in favor of the single men.

The Ovide Musin Concert company will leave on the morning train for Butte, where it will play a two nights' engagement at Maguire's opera house, commencing to-night.

A special meeting of the city council will be held at Standard hall Saturday evening. It is expected that the contract for numbering the streets will be given out at this meeting.

The sale of the effects of the saloon formerly run by George O'Reilly took place yesterday afternoon, and quite a sum realized. The sale will be continued this afternoon at 1 o'clock by Assignee Ike Quinn.

The public is invited to attend the lecture at the High school this afternoon under the auspices of the Delta Sigma society to be given by Dr. Spellman of this city. His subject will be "The First Aids to the Sick and Injured."

A fishing party composed of Ovide Musin, Fabius Forman and Edward Supant, made a trip to Lost Creek and returned with a grand total of 132 fine trout, the largest catch reported this season. Mr. Musin's violin evidently had the desired effect.

Steven Geleher was arrested by Chief Hale yesterday for shooting grouse. As this kind of sport is strictly prohibited at this season of the year and the penalty for such an offense very severe, he was fined \$25 and costs in the police court by Judge Fitzgerald.

The regular dance given by Brennan & Gettings was held at French hall last night, instead of tonight, as previously stated. They will also hold a dance on Saturday night at the same place, to which the public is invited. Music will be furnished by their own orchestra.

J. A. Schroder, who formerly conducted a bakery in this city, and who is one of the city's most respected citizens, left yesterday for Altona, Germany, the place of his birth. He intends to visit different portions of Europe and to return to this city about the latter part of September. His many friends join in wishing him a pleasant journey and safe arrival.

Among the arrivals at the Montana hotel yesterday were: Philip L. Foster, Butte; H. Steinberg, New York; C. D. Hoffman, San Francisco; Alfred Jones, San Francisco; T. E. Butler, Butte; E. M. Trask, Butte; A. W. McCone, Sr., and W. McCone, Jr., Salt Lake City; Frank Leonard, Butte; Louis Wormser, Chicago; J. E. Bloom, St. Paul; Alfred Essendrop, St. Paul; W. A. Matthews, San Francisco; O. W. Heywood and wife, Grand Rapids; J. F. Burgett, Ashville, O.

Before buying examine the acclimated sounding board of the Boston piano. King & Kennedy, state agents.

## A BUTCHER BILL UNPAID

The Hotel Jennings Has Been Attached for the Sum of \$865.

## BOARDERS GETTING SCARCE

Mrs. Jennings Has Been Having Some Hard Luck, But It's Hoped She'll Survive Her Troubles.

Mrs. A. R. B. Jennings, who has for several months been conducting a boarding house, better known as the Hotel Jennings, on the corner of Third and Main streets, was yesterday served with attachment papers by Deputy Sheriff Tracy, for the sum of \$865, claimed to be due Antoine Rocheleau, for a butcher bill. Mr. Rocheleau recently conducted a butcher shop on Park avenue, out removed with his family to Butte a short time ago. A man was left by the deputy sheriff in charge of the house to receive any moneys that might come in and also to look after other business matters that might, in the meantime, present themselves.

The house has not been closed as yet, but quite a number of its boarders have already left on account of the trouble. It is said that Mrs. Jennings has been losing considerable money on the property of late, probably owing to the dull times and the loss of a number of her regular boarders, many of them having left the city. Mrs. Jennings had a long conference with her creditor yesterday and is evidently doing all that lies in her power to settle the existing difficulties. Mrs. Jennings has many friends who wish to see her tide over the difficulty.

## A SUPERB CONCERT.

Musica and the Talented Members of His Company Appreciated Here.

The concert given by the Ovide Musin Concert company at Evans opera house last night was the finest performance of the kind ever given in this city. The attendance was not so large as it should have been, but what was lacking in numbers was more than counterbalanced by the frequent expressions of enthusiasm displayed by those who were fortunate enough to be present. Ovide Musin is the same Musin of old, with the same delicate and artistic touch as of former years. He is believed by many to be without a rival as a violinist and at times during his beautifully rendered selections last night the audience seemed completely spellbound at the sweet sounds emitted from his instrument. His wonderful execution was especially noticeable in Paganini's "Prayer of Moses," which was played on one string, the "G." The singing of Miss Annie Louise Tanner was also an important feature in last night's performance. She has a wonderful range of voice and as a coloratura singer she has but few equals on the American stage. Miss Inez Parmer immediately won her way to the hearts of her audience by her clear and mellow dramatic soprano voice. Karl Storr has a rich baritone voice, which is used to a good advantage. He came in for his share of applause. Edward Scharf, the favorite solo pianist, rendered several difficult and pleasing selections to the delight of the audience.

## SAID TO BE SHORT \$1,400.

Ex-Postmaster James M. Moore Under Arrest in Helena.

United States Marshal Furay yesterday morning arrested Ex-Postmaster James M. Moore of this city at Marysville and took him to Helena. Mr. Moore is charged with being \$1,400 short in his accounts as postmaster. At the time he relinquished the office, it was known that Mr. Moore was somewhat embarrassed, the expense to which he was put for clerk hire and the like being greater than his income from the office could stand. Everyone acquainted with Mr. Moore believed that he was the victim of circumstances and that such a thing as premeditated design to take money from the government never entered his thoughts. His numerous friends in Anaconda will unite in hoping that nothing of a serious nature will follow his arrest.

## "The Two Sisters."

Of the play that will be produced at Evans Opera house next Thursday evening the Rochester Democrat says: "Denman Thompson and George Ryer, the authors of 'The Two Sisters,' have turned out a great play. They have, so to say, cut out a small slice of the real world and put it on the stage for the people to look at, deepening its shadows and heightening its lights just enough, and only just enough, to keep it from seeming flat and colorless under the glow of the footlights. 'The Two Sisters' is a good play. It is a play everyone should see. It entertains every moment; it touches the best emotions of human nature, and it teaches more than one lesson on life more impressively than the best sermon ever preached. It makes the run of the 'Old Homestead' in New York, and the commendation that play has received from press, public and people, thoroughly intelligible."

## Mr. Blix Served With an Attachment.

A. J. Blix, formerly of the firm of Blix & Wagoner, carpenters, was yesterday served with attachment papers by the deputy sheriff acting on the authority of the Tuttle Manufacturing and Supply company. All the attachable property belonging to him that could be found was a common grindstone, and that article was claimed by Mr. Bartlett, the architect in the Union block.

All persons holding claims against Geo. O'Reilly will present the same to me within the next 30 days. L. G. Quinn, Assignee for Geo. O'Reilly, Anaconda, April 30, '91.

## The Old Stage Lines

grow fewer every year. By the recent extension of the Union Pacific, the old trail from Cheyenne north to Douglas and the Black Hills country is now occupied by well equipped trains. This new line makes easy of access the rich mineral lands of Wyoming. Fast trains, good service, and low rates.

## A Steamer Lost.

LONDON, April 30.—A dispatch from Kinsale says a steamer belonging to some Trans-Atlantic line has gone ashore after showing signals of distress and blowing her fog horn. No details are yet learned.

## Good Crops in Washington.

SPOKANE, Wash., April 30.—The reports to the chamber of commerce from all parts of the grain belt of Washington indicate the greatest grain crop in the history of the country.

## IRISH LAND BILL GOES FIRST.

It Will Be Brought Up Every Day Until It Passes the Committee.

LONDON, April 30.—In the commons today Secretary Ferguson stated that henceforth no treaty of commerce would be renewed that is recluded from preferential arrangements between England and the colonies regarding their respective products. Government leader Smith moved that precedence be given the Irish land bill over all orders of the day proposed except the day which the government was pledged to give the woman suffrage debate. Sir Henry James, the Union Liberal, opposed any exception being made, and moved that the land bill be taken up every day until it passes through the committee. The motion was supported by many conservatives who are opposed to woman suffrage and by a vote of 318 to 159, amid opposition cheers.

## CIRCUS TENTS BLOWN DOWN.

A Number of People Injured—Animals Wild With Terror.

TIFFIN, O., April 30.—A tremendous windstorm here this afternoon demolished all the tents of Sells Brothers' circus. Fortunately the main performance was over and but few people were remaining on the grounds. A number of them were injured. Miss Pauline Hunter probably fatally. The animals were wild with terror and there was much anxiety for a time lest some of them might escape.

## Mysterious Disappearance.

DENVER, April 30.—L. L. B. Vanbert, a mine owner, whose family resides in Oakland, Cal., mysteriously disappeared from the Henshaw hotel on the 14th inst., and has not been heard from since. His baggage still remains at the hotel and his friends fear foul play. Vanbert, until recently, had been connected with a St. Louis house as traveling salesman.

## He Takes It Back.

ROME, April 30.—In the chamber of deputies today Lubrini withdrew yesterday's expressions, saying that he had no intention of insulting the army, but simply wanted an inquiry into the rumors. The premier said this had been ordered. Papers relating to the New Orleans affair will be distributed among the members on Sunday.

## Fruit Crops Damaged.

BRYAN, O., April 30.—A terrific wind and hail storm in this vicinity this afternoon did considerable damage to the fruit crop and it is feared to be ruined.

A great amount of railroad building is going on all over Switzerland, sparing no mountain, no valley, and it is surprising to find that this most difficult of all countries for railroad engineering should possess relatively more railways than the New England states. In the latter there are one kilometer of railway to every 17 square kilometers of land; in Switzerland one to every 13 square kilometers; in other words, the New England states are four and a half times larger than Switzerland, and have but three times more railways, although in Switzerland one-half of the country is occupied by the highest mountain ranges of Europe. The receipts average in the New England states about \$3,000 a year per kilometer; in Switzerland, \$5,500, which difference is mainly due to summer travel.

The importation of rough and uncut diamonds in 1880 amounted to \$129,297, in 1889 to \$250,187, and the total for the decade was \$3,153,629, while in 1889 there were imported \$443,996 worth, showing that there was 94 per cent. more cutting in 1889 than in 1880, but markedly more in 1882 and 1883. The imports of diamonds and other stones, not set, during the past four years are given as follows: 1881, \$9,254,438; 1887, \$10,686,403; 1888, \$10,223,630; 1889, \$11,705,839.
